**Regulations – DISCUSSION DRAFTS (seeking public comment prior to filing with LRC)**

The regulations provided in this section are **discussion draft documents only**, and released solely for early discussion and feedback. **There have been changes to the Practice Act Modernization bill HB 167 that are not reflected in these drafts, such as the change from mandatory inspections to a voluntary inspection program.** These drafts require further work by both the board and stakeholder groups before KBVE would even consider filing them. Finally, if these regulations are filed, they will undergo a public comment period and review by the General Assembly prior to becoming law, which can take at least six (6) months from the date of filing. If you have any comments or questions about these discussion drafts, please email [Vet@ky.gov](mailto:Vet@ky.gov).
